Abstract—To make a website of State University's all Clubs.

n

Index Terms—HTML, CSS, javascript.

I. INTRODUCTION

Sub-club is a University website. That introduce us with the activities of State University of Bangladesh. It represents all the club and club activities of State University of Bangladesh.

II. FEATURES

1.Clubs 2.Upcoming event 3.club-activities 4.Create event

III. REQUIREMENTS

1.CSS 2.HTML 3.JavaScript 4.jQuery plugins 5.Bootstrap 6.php

A. Short Overview

Our website is based on all the club-activities of our University. Where every upcoming event will be posted, and all students can know about all the events and they also prepare themselves. There are various kind of activities like workshop, competition, social activities, voluntary work, and various kind of fest. All student of our university can view all the post.

IV. CONCLUSION AND FUTURE WORK

There are so many activities and many of the students don't know about all of those event (e.g. competition, public service, social activities) in our clubs, that's why they can't take part in those event. My goal is to inform our all the students about all the activities and make them Interested.

ACKNOWLEDGMENT

I would like to thank my honourable **Khan Md. Hasib Sir** for his time, generosity and critical insights into this project.
